EVA Foam Injection Molding Machine

Inquiry Form

As one of our flagship products, the L series infrared touchscreen is available in dimensions range between 15 and 250 inches. The wholly-sealed touch screen casing is assembled with patented anti-glare materials. Its glassless structure can be dismantled into 4 lengths to save storage space and reduce logistics costs.

Features

1. The ultra-thin frame is only 8mm thick.
2. Superior anti-glare allows the unit to operate normally even when the sunlight peaks over 100,000LUX.
3. The surface waterproof rating can be customized to reach IP65.
4. Fast response time is achieved with a 3mm touch activation range.
5. Outstanding fault tolerance ensures stable performance.
6. The L series infrared touchscreen comes with Universal HID communication protocols to enable plug-and-play.
7. Compatible systems include Windows XP, Vista, Windows 7, Windows 8, Linux, Mac, and Android.
8. Screen dimensions can be fully customized according to client preferences.

Applications

Digital signage, indoor and outdoor kiosks, interactive conference system, education, exhibition, point-of-information kiosks, splice wall

Technical Specifications

Please contact a sales representative for more detailed information.

Detailed Specifications

Dimensions:
Standard Size: 20" ~ 82"
Customizable Size: 15 " ~ 200"

Touch Performance

Input Method: Finger, stylus, pen-like objects
Activation Force: No pressure
Resolution: 32767 x 32767 (USB)

Mechanical

Response Time: 16Ms
Stylus Diameter: > 5mm
Touch Accuracy: < 2mm
Touch Technology: Infrared
Glass: Tempered Glass (customizable AG, AR, etc.)
Transparency: > 90%
Anti-glare: > 100,000 LUX
Seal Rating: IP65 (Skin)
Service Life: 7 Years

Environment

Operating Temperature: -10 °C ~50 °C
Storage Temperature: -30°C ~ 60 °C
Operating Humidity: 20% ~ 85%
Storage Humidity: 0% ~ 95%

Electrical

Operating Voltage: DC 4.5V ~ DC 5.5V
Power: 5W (1000mA at DC 5V)
Power Supply: USB or PS/2
Anti-Static Discharge:
Touch Discharge, Grade 2 Lab Vol 4KV
Air Discharge, Grade 3 Lab Vol 8KV
Interface: USB/RS232
Certificate: CE/FCC/RoHS
Operation Systems: Windows XP, Vista, Windows 7, Windows 8, Linux, Mac, Android
